

MD IMRAN RAJ

Full Stack Web Developer

Dedicated and result oriented software developer. Highly skilled in Full Stack Web Development. With over 15+ excellent websites in my portfolio, and a passion for crafting innovative digital experiences, I have embarked on a creative odyssey that merges cutting-edge technology with aesthetically pleasing design.

PROJECTS

LeafyLeaks

(02/2023 - Present)

- A full stack **MongoDB, Express, React, Node** (MERN) project, which is more than a Wikipedia of plants.
- <https://cheerful-slippers-jay.cyclic.app/>
